Dear Josephine,

I have just returned home after spending the weekend in London. (I went down on Thursday.)
Glen (Thein) had requested that I go to meet him at the Sutton station with my son and his partner Julie, who is Glen's mother.

What an enormous grin on his face as he came thro' the barrier. Glen big hugs all round.

We all had to wait inside the station at a time while Glen got out each of our best hugs, cards & his

certificates to show; before we could think of heading for the bus back home.

A huge thank you to you, and the yatching club who sponsored Glen on my behalf so he could join the crew of Tevacious.

He talked non stop all the way back (about 30 minutes) then straight after tea; he downloaded the 60+ photos onto his computer so we could all see them and he sh where, what and when he took each, and how he'd like to go back again!

He had enjoyed it so much.

Again many thanks and my gratitude in helping to make it all happen.

Yours sincerely
(Mrs) Jan E Downes
